Thank you for helping to make our place litter free and raise funds at the same time. Foxglove wraps are great for lunches and last about a year with regular use. Best of all, they a great way to reduce waste and improve our environment.

Made with 100% cotton, beeswax, tree rosin and jojoba oil, their natural anti-bacterial qualities really do keep food fresh, and can be used for a variety of things. Sandwiches, a pre-cut apple, chunks of cheese (just to name a few), and the snack wraps can be used to wrap a bikkie or small treat. The larger 40cm wraps can be used to cover large bowls, plates etc – great for summer entertaining or storing in the fridge.
